## Local and Miscellaneous.

The Trader arrived from Pond river on Sunday morning, and left again yesterday evening.

The J. H. Done is the regular packet for Cairo to-day. She leaves positively at 12 o'clock M.

The river has been rising for the past few days. It has risen about one foot. There is about nine feet in the channel.

The steamer Evansville, after a three year's absence, arrived here on Sunday morning from White river, (Ark.) bound for Madison, where she will go on the docks to repair.

The Bank of Elkhart, at Elkhart, Indiana, having put up its securities in the hands of the Auditor of State to \$50,000, is now placed on the list of solvent, specie-paying free banks.

Messrs. Woolsey & Nelson will sell at public auction this morning at 9 o'clock, a choice lot of furniture. Housekeepers and others in want of articles in this line should be on hand.

The Vincennes Gazette says: Sixteen hundred watermelons went up on the E. & C. Railroad, from Gibson county, the other day; they were destined for northern markets.

The Governor Powell left on Saturday evening for Cairo. She got considerable freight here and with the amount she had engaged below, she will have a full load, the greater portion for New Orleans, which she will re-ship at Cairo.

The W. V. Gillum arrived from Green river on Saturday evening. Among her cargo we noticed 800 sacks of corn for New Orleans, which was re-shipped on the packet J. H. Done. The Gillum left again on Sunday for Ramsey with a moderate trip.

OREGON UNITED STATES SENATORS.—The Legislature of Oregon have elected General Joseph Lane, to the United Senate, and associated with him Delazon Smith, a prominent politician. They will take their seats as soon as Oregon shall be admitted.

## A Card.

EVANSVILLE, Aug. 17th, 1892.

To the Shippers by the Steamer Done:—  
The Done has not been able to make her regular trips during the last week, in consequence of the difficulty of re-shiping her freight at Cairo. The Wharf Boats and Levee there have been crowded with freight to go forward. The officers were unwilling to leave the freight of the Done—much of which was perishable—to take its chances in the mass to be shipped, and therefore remained at Cairo till they could place all their cargo upon a New Orleans boat, in good order. On today the line of Steamers connect with the Illinois Central Railroad, resume their trips between Cairo and New Orleans. By arrangements effected with our agents, Messrs. N. W. Graham & Co., our freight on the Done will be re-shipped from Cairo, without any delay hereafter.

Having completed her arrangement for re-shipments, the Done will not again be detained, and will in future make her regular trips, leaving here every TUESDAY and FRIDAY, at noon. By making regular time, hereafter, we hope to secure from our merchants a large share of the way business which we have lost by our recent irregularities. Our delays have been caused in a great measure by our anxiety to protect the interests of our patrons.

Respectfully, &c.,  
D. B. HERRON,  
Captain of the Done.

The harbor at Cherbourg, France, the completion of which is to be celebrated by grand fetes, and the visit of Queen Victoria, is one of the most gigantic works of the age, and triumph of human labor and skill over natural obstacles. Nature had made no port on the Gallic side of the British channel.— But Cherbourg had the advantage of a roadstead, which has been cleared out and closed by an embankment of fifteen thousand feet long, with a breadth of two hundred and fifty feet at the base. The harbor, which is defended by powerful forts and batteries, will accommodate four hundred ships. The difficulties which these works presented are, say engineers, unexampled by previous maritime constructions. Cherbourg is already called, in England, the Sebastopol of France. It is true that Sebastopol was taken, but it required the energies of three powerful nations to do it—and, after all, it was taken by the French. The English papers say that their navy can knock down the work at any time. But that is a matter to be tried.

The Courier des Eux Unis remarks upon this subject as follows:—  
"Cherbourg, finished and united to Paris by a railroad, gives to France a new power, and, we may add, its inauguration is a new guarantee of the maintenance of peace."— Cherbourg will certainly afford a shelter for the magnificent French marine, in case of a war with a naval power.

It is stated that the company which was formed last year for the purpose of establishing telegraphic communication between the Island of Cuba and the American continent, have completed their preliminary arrangements, and are resolved to commence the work immediately.

**Hannemann Reconciled to Common Sense.**—At a meeting of "spiritualists," an invalid was brought forward, afflicted with ulcerations of the throat, which had failed to cure. It was proposed to appeal to the spirit land for advice, and a Homeopathic physician present interpreted the departed spirit of Hannemann as to what remedy should be taken. Loud and distinct raps, audible to the whole audience, told of ATHERGASTRIC PILES—Hannemann N. H. 17th, aug-11-94.

**Chills and Fever.**—One of the greatest ills that has ever been laid before the public, for Fever and Ague, and which has before the highest elements of the press and the people, is Dr. J. H. HOSIETTER'S CELEBRATED BITTERS.

Who would endure the tortures arising from this terrible disease, when he can easily free himself from its grasp, by taking a few bottles of these Bitters, and he will be cured. And yet how many families linger out a painful existence under this deadly blight, and do nothing but gulp down quinine, until it becomes as common as their daily meals, and yet they are not relieved. None but the Bitters will cure this disease, and it is a source of great pleasure to find that we have been the humble means of relieving such an immense amount of suffering, and have caused many thousands to "sleep for joy," because their pains were relieved, their uncleanly parties, their stiff joints made elastic, and their spirits revived.

**Crecent City Bank.**—Directors—John A. Ritz, Conrad Baker, Thomas E. Garvin and John Law.

Receives deposits, buys and sells coin and exchange. Interest allowed on time deposits at such rates as may be agreed upon with depositors, and on certificates. Exchange on New York, Cincinnati and Louisville, Great Britain, France, Switzerland, Belgium, Holland, Russia, Denmark, Sweden, Norway, and all the cities and large towns of Germany, for sale in sums to suit. Collections made, and proceeds remitted promptly at current rate of exchange. JOHN A. RITZ, Pres't.

**Coal-Bottom Mining Company.**—Office on Water Street, under the Telephone office. Cart loads of 16 bushels of Borden Mine Coal delivered to any part of the city at \$1.00 per load. Coal weighed, if desired, at the expense of the purchaser. Notes of steel banks of Illinois and Wisconsin taken in payment. JOHN WYMOND, Secretary and Manager.

**Dr. Eyster's Iodine and Sarsaparilla** will cure all diseases arising from an impure state of the blood, or a depraved condition of the fluids of the system, viz: Cancers, Swellings of the Glands, Rheumatism, White Swellings, Chronic Sore Eyes, Piles, Blisters, Eruptions, Ulcers, Pains in the Bones and Joints, Eruptions in the Mouth and Throat, and all Chronic Constitutional Diseases. This medicine has been used for over thirty years, and has cured thousands of cases, and is the only medicine that purifies the blood, and changes the secretions in the system, thus removing the cause, which renders the cure certain and permanent. Dr. Eyster's Iodine and Sarsaparilla will cure the worst mercurial disease and drive out and destroy every particle of mercury which is in the system, and cure its bad effects.

It will cure Secondary Syphilis or Venereal Piles, and will drive the Syphilitic Virus and all hereditary taints and poisonous matter out of the system through the pores of the skin, and restore the Patient to a perfect state of health and purity. It is a positive cure for liver complaint and dyspepsia, if used a proper length of time. I challenge anyone to give a selection of what other medicine the afflicted will bear in mind that Dr. Eyster's Iodine and Sarsaparilla will cure all Nervous Diseases, Female Complaints, Dropsy, Gravel, Diseases of the Kidneys, Bladder and Urinary Organs in a few days.

It will remove Pimples and Blisters from the face, and make the skin clear, white and beautiful as alabaster. It does this by purifying the blood, and by its prompt action on the Liver, Kidneys, and Spleen, producing vigorous health. Persons who have long been afflicted with Scrofula, Old Sores, Tetters, Ringworms, Scaled Head, Blisters, Eruptions of the Skin and all Cutaneous Diseases, are advised to procure Dr. Eyster's Iodine and Sarsaparilla, and to apply on the Sores, or diseased parts, when using Dr. Eyster's Iodine and Sarsaparilla. The Iodine and Sarsaparilla purifies the blood, and causes the sores to discharge their putrid matter, and the cutaneous lesions. When both are used (which I always recommend) a permanent and radical cure is always effected.— The best and best of all medicines is the one known to man. A fair trial is all I ask—I do not fear the result.
